

FOOD BANK

With OSK Foundation's support, our commitment to SDG 12 continues at Selayang Pasar Borong. Each week, our driver rescues surplus fruit, vegetables, and essentials, redirecting them to struggling families instead of landfill. To date, we have saved 6,100 kg of food, supporting around 1,100 families and benefiting approximately 5,500 individuals. Many, including single mothers and the elderly, rely on these provisions.

Visitors from The Food Bank Singapore were welcomed at the KSK JB hub to explore opportunities to jointly reduce poverty and curb food waste in support of SDG 1 and 12..

Thank you, Mid Valley City Sdn Bhd! Your generous donations will help sustain our food programmes in KSK Kuala Lumpur and Johor

EMPOWERMENT

Thank you, kind Malaysians, for supporting KSK in our journey towards SDG 5 by empowering KSK Empowerment trainees. A total of 126 tubs of cookies were requested during the Chinese New Year season.

Additionally, we are excited to revive the OA Education programme at Sg Temon, reinforcing long-term educational support for the community.

As Ramadan approaches, we're thrilled to introduce a special collaboration with Mei by Fat Spoon and our adorable and talented chef, Chef Anis Nabilah! This Raya, we're bringing you an exclusive cookie set featuring two secret flavours that will be unveiled soon. More than just a festive treat, this initiative is a way to give back to the community—every purchase helps support our ongoing efforts for those in need.

Whether you're indulging in these delicious cookies yourself or gifting them to loved ones, you'll be making a meaningful impact this Ramadan. Stay tuned for the big flavour reveal and details on how you can get your hands on these irresistible Raya cookies!

We recently did our monthly visit to Kg Atok to oversee the ongoing classes and check in on the students' progress. It was encouraging to see the children actively participating and eager to learn. The visit also allowed us to better understand the community's needs and ensure that the education support provided continues to be meaningful and consistent.

MEDIC: 130 CASES ATTENDED

Our medical outreach continues to deliver essential care to the homeless, focusing on chronic illnesses, infections, and malnutrition. Many come to us with conditions that have been left untreated for too long – high blood pressure, diabetes, skin infections, and signs of severe undernourishment. Our team provides consistent, no-frills medical support right where it's needed most, helping manage health before it becomes an emergency

WELFARE: 9 CASES ATTENDED

Our welfare team is dedicated to helping clients access the support they need, whether it's assisting with JKM applications or taking them to medical appointments. These small acts make a big difference in helping our clients move towards stability.

SOUP KITCHEN : 7,152 MEAL SETS DISTRIBUTED

Great news for us this February! In collaboration with Resorts World Genting, we are expanding sustainable initiatives to support marginalised communities. This partnership strengthens food distribution efforts and long-term aid solutions, ensuring continuous support for those in need.

EVENTS

Our annual event, #zerofoodwastage, is back! This year, we are collaborating with 26 participating hotels across the Klang Valley to rescue surplus food from Ramadan buffets and redirect it to KSK-registered charity homes. Looking back at 2024, KSK, together with volunteers, rescued a total of 2,600kg of food from 25 hotels, benefiting 1,400 individuals across various charity homes.

Additionally, big thank you to GE Aerospace for featuring Kechara Soup Kitchen Society (KSK) and for their continued support! Your volunteers have made a significant impact, from redistributing surplus produce to charity homes to helping families settle into their new homes through the Welcome Home program. We are grateful for your dedication in bringing joy and support to those in need, especially during the holiday season. Your contributions truly uplift the community, and we look forward to many more collaborations ahead!

Showing up in our communities

Volunteering with KSK

Our most important asset is our people, and they are the driving force behind many of our philanthropic efforts. Including several that are only possible because of the commitment and hard work of our volunteers. In 2024, as part of the GE Aerospace's #zerowaste campaign, we had over 1,000 registered volunteers and over 1,000 hours of service.

Thousands of GE Aerospace employees also contributed their time and talents to help make a difference in the lives of those in need. In 2024, our volunteers rescued over 2,600kg of food from 25 hotels, benefiting 1,400 individuals across various charity homes.

GE Aerospace is proud to be an engaged and collaborative partner in the communities where we live and work with our facilities and food programs that help meet the basic needs of a community, from conservation efforts to addressing food insecurity to promoting STEM education opportunities.

Volunteering with GE

One of GE Aerospace's core values is to be a good neighbor. Our employees are proud to work at GE Aerospace in the United States and around the world - giving them a chance to give back to the communities where they live and work.

In August, GE Aerospace employees spent the day volunteering at the Charming Shobers, a community center in Raleigh, North Carolina. The volunteers helped with various tasks, including cleaning, painting, and landscaping.

GE Aerospace employees also volunteered at the Charming Shobers, a community center in Raleigh, North Carolina. The volunteers helped with various tasks, including cleaning, painting, and landscaping.
