

FOOD BANK

Provision delivery continued throughout May, ensuring dry goods and essential food items reached families who needed them most. Our surplus food collection efforts remain vital in this chain of kindness, what could have gone to waste now becomes sustenance.

This month alone, we managed to rescue 24,000 kgs of surplus foods from various Partners! We also kicked off Home Assessments at PPR flats, moving door-to-door to understand living conditions and register more households in need. It's slow, deliberate work, built on trust and conversation, but it's how we grow closer to the hearts we aim to help.

EMPOWERMENT

Our baking programme is still running strong, fuelled by passion and orders that help sustain it. Each cookie and loaf carries the story of someone reclaiming their confidence through skill and purpose. Place your orders and be part of their journey.

EMPOWERMENT

COOKIES

Menu

 RM 17 Chocolate Chip Butter Cookies	 RM 17 Sugee Butter Cookies	 RM 17 Ginger Butter Cookies	
 RM 17 Double-choc Almond Butter Cookies	 RM 17 Chocolate Chip Walnut Butter Cookies	 RM 17 Oatmeal Raisin Butter Cookies	 RM 21 Pineapple Tart

For requests of more than 50 tubs, we suggest a contribution of RM 15 per tub.
For Pineapple Tart, the suggested contribution is RM 20 per tub.

Meanwhile, for Orang Asli Education, as you all know, in 2024, the boat we relied on to reach Atok village was under contract with another company. It was old and unsafe, not suitable for children who needed it to get to school. When Tok Batin asked for help, we listened. With videos, photos, and smiles in hand, we reached out. And someone answered! Thanks to a kind sponsor, 25 children from Atok now have a brand-new, fully equipped long boat to take them safely to SK Merting.

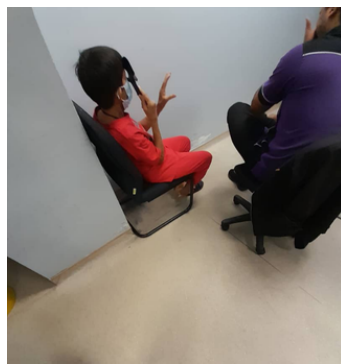

MEDIC

Our medic team worked tirelessly, attending to 236 cases this month. Through a beautiful partnership with Klinik Seri and the Ministry of Health, we continued supporting the houseless via the PeKa B40 programme, taking blood samples, assessing conditions, and creating tailored health plans for those often left behind.

WELFARE

We also received some hopeful news: Ms C, one of our regular patients, showed signs of improvement in her eyesight! The doctor advised her to continue her medication, and we'll be there to help her do just that.

SOUP KITCHEN : 6,667 MEAL SETS DISTRIBUTED

The month of May came with a quiet tug of worry as our registration team recorded an increase in the number of people needing meals. It's not just a statistic, it's a growing queue of hungry faces, each with a story we may never fully know, but each one deserving of dignity and a warm meal. This rise adds to our concern, but not to our hesitation.

We will do our best, as we always have. Rain or shine, our Soup Kitchen carries on. The skies have been unpredictable, drenching our team at times or turning the streets unbearably hot. But our mission doesn't waver. Neither do we.

EVENTS

This Ramadhan, DoubleTree by Hilton Kuala Lumpur chose to walk beside us. Through their thoughtful campaign, they raised RM9,472, every cent of which will support our medical efforts for the houseless across Klang Valley. Thank you for standing with us.

We also celebrated two amazing souls this month. Happy Birthday to Vivian Ong, our steady hand in Admin & Finance, and to Sabarina, the heartbeat behind our grants and funding outreach. You both keep our engine running, often behind the scenes, but always with heart!

A moment of serendipity reminded us that kindness knows no borders. A family of tourists passed by KSK Imbi, curious. Our colleague Maya shared what we do. They left not just inspired, but having donated to help our cause. It's in these small, unexpected moments that the power of compassion truly shines.

On Wesak Day, we had the honour of joining Kechara Forest Retreat, sharing our story with kind Malaysians eager to help. It was a sacred day, filled with intention and unity, and it reminded us how deeply generosity is woven into the fabric of this country.

And then, boom, 17 years standing strong. Seventeen years ago, KSK began as a dream, a whisper in the dark that maybe, just maybe, we could make a difference. We've faced heartbreak, exhaustion, uncertainty, but never defeat. Every volunteer, donor, and team member has carried this torch forward. You are the heartbeat of this journey. Thank you for choosing to care. For 17 years, and for every day ahead.

To wrap up this month, a huge thank you to ASTRO Raaga for visiting and delivering provisions with us. Your time and effort create ripples far beyond what can be seen and raise awareness of a mission we all share: to uplift those left behind.
