

**FOOD BANK IMPACT | FOOD RESCUE & SUSTAINABLE DISTRIBUTION:
2,112 KG OF SURPLUS FOOD RESCUED, 1,981 PROVISIONS DELIVERED**

In December 2025, KSK's Food Bank Programme achieved meaningful impact through strong corporate partnership and generosity. With the support of Nestlé Products Sdn Bhd, a total of 422,000kg (24,100 units) of new Nestlé products were donated to strengthen food assistance for vulnerable families, significantly enhancing KSK's capacity to deliver nutritious and essential food items to those in need.

In the same month, KSK continued its commitment to sustainability and consistent outreach by rescuing 2,112.14kg of surplus food from waste and delivering 1,981 dry provisions to households facing food insecurity. Together, these efforts demonstrate how corporate support, responsible food rescue, and targeted distribution work hand in hand to turn resources into real relief—nourishing communities while reducing food waste.

EMPOWERMENT THROUGH BAKING | CREATING SKILLS, SUSTAINING LIVELIHOODS

KSK's Empowerment – Baking Programme is designed to move beneficiaries beyond short-term assistance by equipping them with practical skills, work discipline, and income-generation opportunities. During the recent period, 532 baked items, i.e., 367 Christmas cookies were produced successfully, demonstrating both the capability of participants and the positive market response to the initiative. Each item produced represents a step toward self-reliance, confidence, and dignity for individuals working to rebuild their lives.

To sustain and scale this programme, stronger donor and corporate support is essential. Corporate partners are invited to place bulk inquiries, sponsor monthly baking runs, or include KSK's baked goods as part of CSR gifting initiatives, while individuals can support by inquiring and sharing within their networks. Your support directly transforms skills into livelihoods—helping beneficiaries turn effort into income and opportunity.

MEDIC SUPPORT | TIMELY CARE, REAL IMPACT

Through the dedication of volunteer doctors and medical assistants, KSK attended to a significant volume of medic cases, delivering essential healthcare support to individuals who often lack access to basic medical services. These on-the-ground interventions provided timely assessments, treatment, and reassurance—ensuring that care reached those who needed it most, with compassion.

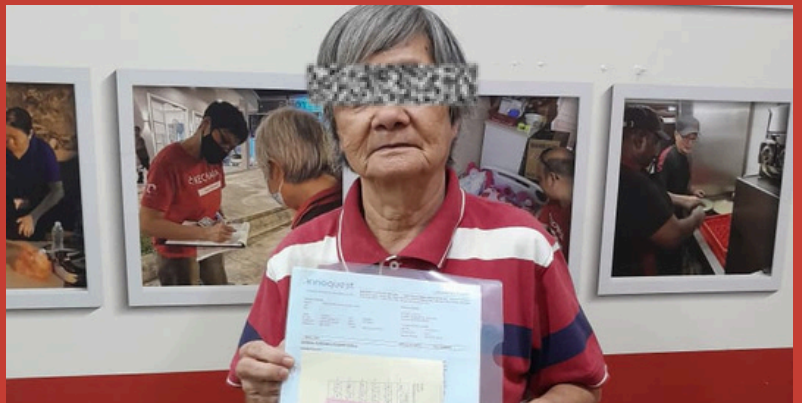

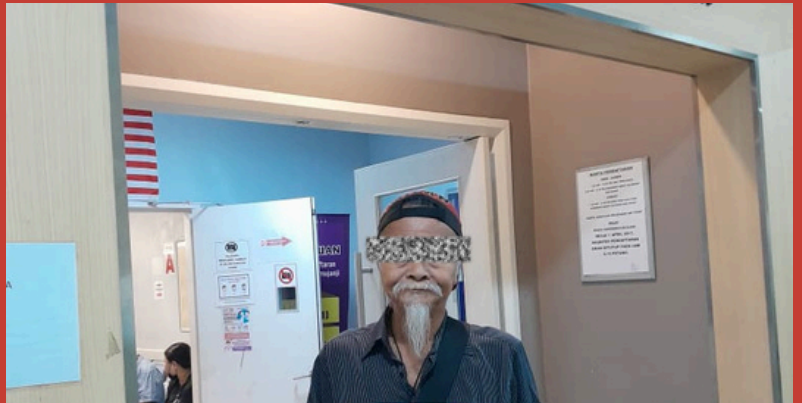

This life-saving work is sustained by the generosity of donors and volunteers who make each medical outreach possible. WELFARE | STRENGTHENING LIVES THROUGH SUPPORT

In December 2025, KSK attended to three welfare cases, providing timely and targeted assistance to individuals and families facing urgent challenges. The welfare interventions addressed critical non-medical needs—ensuring that vulnerable individuals received the support, care, and dignity they required during a period often associated with heightened financial and emotional stress.

These welfare responses are made possible through the compassion of donors and volunteers who enable KSK to act swiftly when help is needed most. You can support this vital work by contributing to KSK's Welfare Fund, volunteering your time, or partnering with us to extend care to more families. Together, we can continue to stand with those in need—one case, one family, one life at a time.
