In January alone, KSK rescued 53,749 KG of surplus food and delivered 291 provision packs, reinforcing our commitment to reducing food waste while feeding families in need. On 9 January 2026, Yang Amat Mulia Tengku Arif Temenggong Tengku Fahad Mua'adzam Shah ibni Almarhum Sultan Haji Ahmad Shah Al-Musta'in Billah volunteered at the KSK Bentong hub, supporting distribution efforts to beneficiaries at Perumahan Flat Batu 1, Jalan Tras, where 1,829.30 KG of surplus food including vegetables reached 100 families, alongside provision packs delivered to five households. These efforts demonstrate how collective action transforms excess into essential support for vulnerable communities and reflects the power of hands-on leadership and community collaboration. Every kilogram distributed, every family reached is a reminder that collective action creates meaningful change.
